This short walk takes you from the great view of Snapper Point Sea Cave (at the end of Snapper Point Rd) along a management trail to Snapper Point. The area is very rocky and provides grand ocean views. The memorial on Snapper Point gives a good reminder to take care. There are views out over the ocean, and also south to Frazer Beach and north up the coast. An enjoyable short walk with great views, especially on sunny days.

0 | Snapper Point Cave Lookout

The Snapper Point Cave Lookout is on the northern side of Snapper Point car park (at the end of Snapper Point Rd). The fenced lookout enjoys views over a large inlet with a Frazer Blowhole and the large sea cave. The cave was mined for pebbles during 1975/76. Now protected as part of the State Conservation Area, the cave and this inlet stands as a monument to the struggle of power between the sea and the rocks.

(110 m 2 mins) From the Snapper Point car park (at the end of Snapper Point Rd), this walk heads around the locked metal gate and follows the wide management trail lined with thick heath. The trail soon bends right and comes to a grassy clearing with wide ocean views (with Frazer Beach to the right) and a 'Life Buoys' sign.

0.11 | Life Buoy Sign

(30 m 1 mins) Turn left: From the intersection, this walk follows the 'Life Buoys - 60m' arrow, keeping the ocean to the right. The rocky track soon leads to a concrete pillar and memorial to people who lost their lives here.

0.14 | Snapper Point Memorial

Snapper Point is located north-east of Frazer Beach and is home to a memorial to 7 lives lost on this point in the ten years before 1979 (when the plaque was placed). Since then, three more names have been added to the memorial. Please heed the warning and avoid your name appearing here. Snapper Point is a popular rock fishing spot, with a large flat platform providing great panoramic views of the ocean. A 'Life Buoy' sign points to two nearby floatation aids if needed.
