This overnight walk starts from the Obelisk in Macquarie Park, Sydney, at the official start of the Great North Walk. The walk soon boards the ferry from Circular Quay to Woolwich, and follows the Great North Walk through the streets of Hunters Hill and into the Lane Cove National Park. After staying the night in a caravan park here, the walk backtracks a little, then heads north, winding through the Lane Cove Valley, up to Thornleigh train station.

The Obelisk

The Obelisk in Macquarie Place (Cnr of Bridge and Loftus Sts) is the original Mile Stone for 19th century roads in NSW. The surrounding park is the original town square built in 1810, while the Obelisk was erected by Governor Macquarie (well actually the Convicts did the heavy work) in 1818. For nearly 200 years this monument stood as the zero mile/km marker for all principal roads. There are a number of inscriptions including distance markers and "The Obelisk was erected in Macquarie Place A.D.1818, to Record that all the Public Roads Leading to the Interior of the Colony are measured from it. L.Macquarie Esq Governor". The park has a number of other historic items worth exploring.

Goat Paddock

Goat Paddock is the open area north of Woolwich Dock. The park has a path winding down through the middle, providing access to the waters edge. In 1835, the Clarke family received a grant of the land at the eastern end of the peninsula, what we now call Woolwich. In 1898, Morts Dock and Engineering Company bought this land and commissioned the excavation of the dock. The area is well maintained and is used by many locals for their morning strolls.

Woolwich Lookout

Woolwich Lookout is a fenced lookout atop of the cliffs at the western end of Woolwich Dock. There are great views down the sandstone cutting, through the dock at the mouth of the Lane Cove River and to North Sydney. In December 1901, the W. Solomon & Sons company (commissioned by Morts Dock and Engineering Company) completed the excavation of 85,000 cubic metres of sandstone to construct this dry dock. At the time, this 188 metres long, and 27 metres wide, pit was the largest dry dock in Australia. In 1963, the Army purchased the site and now it is managed by the Sydney Harbour Federation Trust.

Kellys Bush

In the late 1880s, pocket of bushland between Prince George Parade and Alfred St, Woolwich was set aside to act as a buffer zone between the Parramatta River and the Sydney Smelting Company. The area was named after the owner of the land and smelting company, T.H. Kelly. From the passion of the local people who fought to protect this area, Kelly's Bush is now owned by the Hunters Hill Council and cared for by a team of local bush regenerators.

Before You walk

Bushwalking is fun and a wonderful way to enjoy our natural places. Sometimes things go bad, with a bit of planning you can increase your chance of having an enjoyable and safer walk. Before setting off on your walk check

- 1) Weather Forecast ([BOM Metropolitan District](#))
- 2) Fire Dangers ([Greater Sydney Region, unknown](#))
- 3) Park Alerts ([Lane Cove National Park, Berowra Valley National Park](#))
- 4) Research the walk to check your party has the skills, fitness and equipment required
- 5) Agree to stay as a group and not leave anyone to walk solo

Think before you TREK

The 'Think before you TREK' program developed by NSW Police & NPWS promotes the benefits of planning ahead for your bushwalking trip by using an easy to remember acronym:

- T** Take adequate supplies of food, water, navigation and first aid equipment.
- R** Register your planned route and tell friends and family when you expect to return.
- E** Emergency beacon (PLB's) should be carried on walks with significant gaps in mobile coverage (check terrain profile).
- K** Keep to your planned route and follow the map and walking trails.

Turn right: From the intersection, this walk follows the 'Great North Walk' sign past the picnic table and down the timber steps, whilst keeping Pittwater Rd through the trees to your left. The track soon passes a 'Lane Cove National Park' sign then heads down some timber stairs. (1.4 km 31 mins) Turn right: From the transmissions tower, this walk follows the 'Newcastle' sign downhill along the concrete footpath away from Magdala Park. The path soon turns right and leads over the 'Clifford Love'

footbridge. The 150m-long bridge leads over Lane Cove River and then over the 'National Starch' factory, to find a footpath on the other side. The footpath leads around the edge of the fenced car park and comes to the footpath beside Epping Rd, just beside the traffic lights at Mowbray Rd.

Continue straight: From the traffic lights, this walk heads downhill towards the bridge, crossing the factory driveway. Just over 100m past the driveway, the shared footpath leads to an intersection marked with a GNW arrow post, and a set of steps (on the left).

The track soon leads down some timber steps, past a short rock wall and across two short flat timber bridges. The walk continues up some steps and across a timber bridge with a hand rail. The rocky track then leads downhill for about 100m before going gently uphill past the high tension transmission tower, to then come to a signposted intersection, just after passing under the power lines.

Continue straight: From the intersection, this walk heads away from the buildings and the high tension power line tower, following the GNW arrow post downhill and almost immediately crosses a small flat timber bridge. There is a 'Fairyland Pleasure Grounds' sign and short track on the right that leads to a seat beside Lane Cove River.

17.35 | Fairyland

Once formally known as 'Fairyland Pleasure Grounds', and casually as 'The Rest', this site was similar to several others in Sydney. The land was purchased by Robert Swan in 1896 and encompassed about 17 acres in total. Part of the land was cleared for a market garden, growing strawberries and melons. By the early 1900s, the market garden had closed and the area had become a popular picnic and play ground, for people arriving mostly by boat. This was a very popular spot to visit for a special day out. Today, the buildings have (mostly) gone and the cleared area has grown back, but it still can offer a relaxing picnic and lunch spot by the river.

17.35 | Fairyland

(360 m 7 mins) Continue straight: From the intersection at the centre of Fairylands, this walk follows the clear track whilst keeping the Lane Cove River through the trees to your right, past the 'Fairyland Pleasure Grounds' sign. The mostly flat track winds gently through the ferns to pass the 'Site of Fairyland Pleasure Grounds' information sign, then continues along the short timber boardwalk and up a series of timber steps. The now mostly-flat track leads along the side of the hill for about 150m, coming to a short track which takes this walk to an unfenced rock platform with river views (on your right).

17.71 | Lookout

This small, informal and unfenced viewpoint is atop a large natural rock platform, between Fairyland and River Ave. There are a few in the area, but this is the most distinct. From here, there are nice views down the Lane Cove

River. The area is unfenced and there is a significant drop off the side.

17.71 | River view

(130 m 3 mins) Continue straight: From the view point, this walk heads along the flat track whilst keeping the river below to your right. After about 100m, the track crosses a short section of timber boardwalk then leads past a series of National Park signs to come to a T-intersection with Quebec Rd (opposite number 101).

17.84 | Int. of Quebec Rd and Fairyland Track

(550 m 12 mins) Turn left: From the intersection, this walk heads uphill following the GNW arrow post along Quebec Rd. At the top of the hill, the road bends right and comes to a signposted intersection, where this walk turn left to follow the GNW arrow post up what looks like a long sealed driveway. The walk follows Quebec Ave for about 300m past a couple of driveways (on your right) then below the fenced Northern Suburbs Memorial Gardens (on your left), coming to a turning circle and a locked gate at the end of the road.

18.39 | End of Quebec Ave

(400 m 8 mins) Continue straight: From the end of Quebec Ave, this walk follows the GNW arrow post around the locked gate and along the fairly flat, rocky track. After about 170m, this track leads to the edge of a large rock platform. From here, the walk tends right, going down through a gap in the rock then leading along the base of a short rock wall. The track then starts to lead more steeply downhill when, just after passing a small bench seat, the track leads down a steep stone staircase and then comes to a signposted T-intersection with River Rd (near Delhi Rd). Here, a 'Sydney Cove' sign points back up the hill.

Continue straight: From the intersection, follows the GNW arrow post across River Ave, down along the minor road (keeping the busy Delhi Rd to your left). At the end of this minor rd this walk finds a footpath in front of 'Riverside Cafe Bar & Grill'.

18.78 | Riverside Cafe Bar & Grill

The Riverside Cafe is found at the end of service road on the south-west corner of Fullers Bridge. The nicely renovated building looks over the Lane Cove River and is open 7 days, serving breakfast, lunch and dinner. The food is cafe-style and meals are priced upwards from \$13. The Lane Cove River Weir was built in 1938 during the depression. The motivation for building the lake was to make the area more appealing for visitors' picnics. The weir created environmental issues such as silting and a decline in native fish populations. In much more recent years, a 'fish ladder' has been constructed to allow fish to undertake their natural migration route for breeding. The weir proved an easy way for walkers to cross the Lane Cove River whilst enjoying the views up and downstream.

The track soon narrows, leading past a water depth indicator, and becomes rocky for about 150m before coming to a faint intersection, where GNW arrow post points left. Here, the walk turns left and crosses the Lane Cove River using the concrete stepping stones (this crossing may become impassable after heavy or prolonged rain) to follow the 'Thornleigh Station' sign up the timber steps for about 40m and find a GNW registration box (damaged at time of writing). The track bends sharply right and zigzags up the rocky hill for another 30m, before bending sharply left to find the 'Conscript Pass' and 'B Stevens' engravings (at the third metal hand rail).

36.17 | Conscript Pass

Conscript Pass is a small sandstone pass between the Lane Cove River and Thornleigh, on the Great North Walk. During the 1930s, some stone steps were built through a cleft in the rock as part of a public works program, in response to the depression. The pass has two main engravings. Firstly 'Conscript Pass' is followed with a downwards pointing arrow and a series of initials and numbers. On another wall (that you face when walking up) is engraved 'B Stevens' followed a surprisingly good caricature of the then Premier of NSW, Bertram Stevens. Stevens (later knighted) replaced Jack Lang in 1932 as Premier of NSW, when Lang was dismissed by the Governor (just two months Lang after opening the Sydney Harbour Bridge).

36.17 | Conscript Pass

(100 m 3 mins) Continue straight: From 'Conscript Pass', this walk heads up the stone steps through the cleft in the rock to follow the track and more stone steps uphill for about 100m, coming to a T-intersection with Lorna Pass track, marked with a GNW arrow post.

36.27 | Int of the GNW and Lorna Pass tracks

(430 m 11 mins) Veer left: From the intersection, the walk follows the 'Thornleigh' sign uphill along the rocky track, keeping the valley to your left. The track leads up a series of timber steps for about 230m, becoming steeper as they go, to come to a clear T-intersection signposted with a large 'The Great North Walk' sign, and a stone 'Lorna Pass' arrow pointing back down the track.

Veer right: From the intersection, this walk follows the GNW arrow post and 'Thornleigh Station' sign uphill along the wide rocky track. After just over 150m, the track bends left (ignoring a faint track on your right) and heads uphill for another 40m to come to the back (south-east corner) of Thornleigh Oval, marked with a 'Lane Cove National Park' signpost.

36.7 | Back of Thornleigh Oval

(160 m 3 mins) Turn right: From the intersection, this walk follows the GNW arrow post along the fence line around the oval, keeping the oval to your left. After about 100m, this walk passes in front of the clubhouse (there are toilets and a water tap on your right) to pass a 'Great North Walk' sign and come to the corner of 'Handley' and 'Ferguson' Avenues in front of the 'Thornleigh Oval' sign.

36.85 | Thornleigh Oval

Thornleigh Oval is found at the intersection of Handley and Ferguson

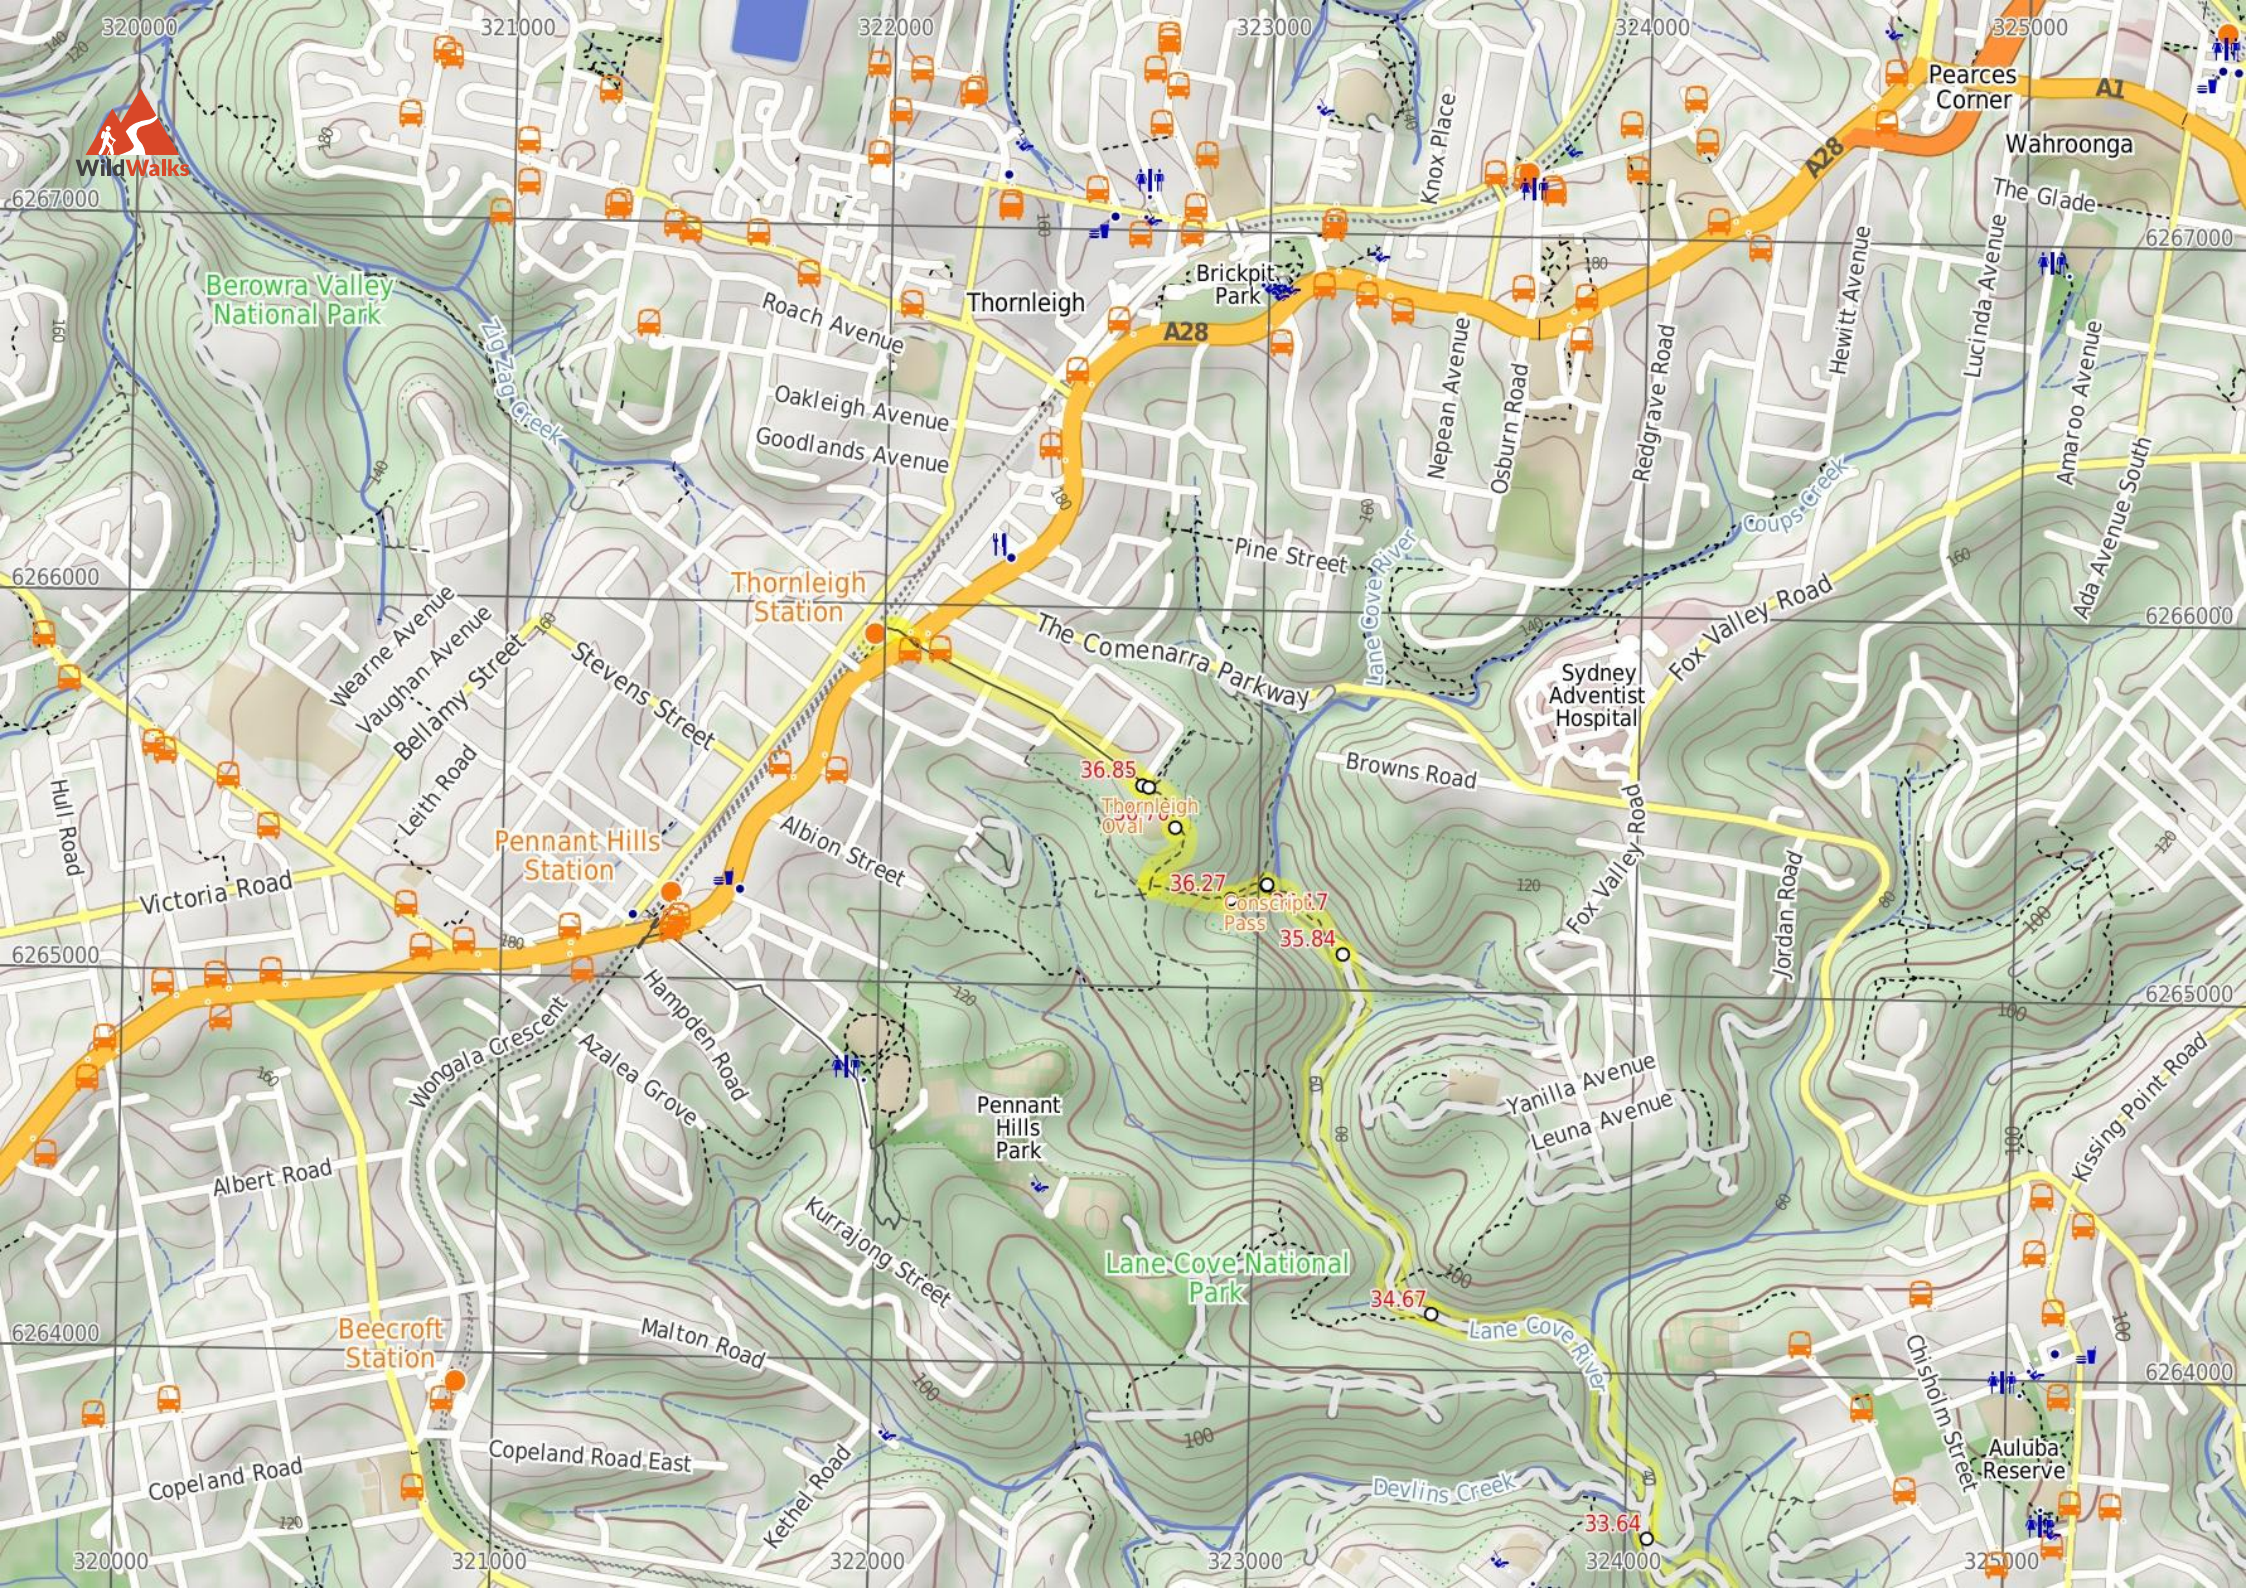

Avenues, Thornleigh. There is a large playing field, tap water, public toilets and some shelter in the awning of the club house. The oval has a car park, and a number of signs for the Great North walk and other local tracks.

36.85 | Int of Handley and Ferguson Avenues

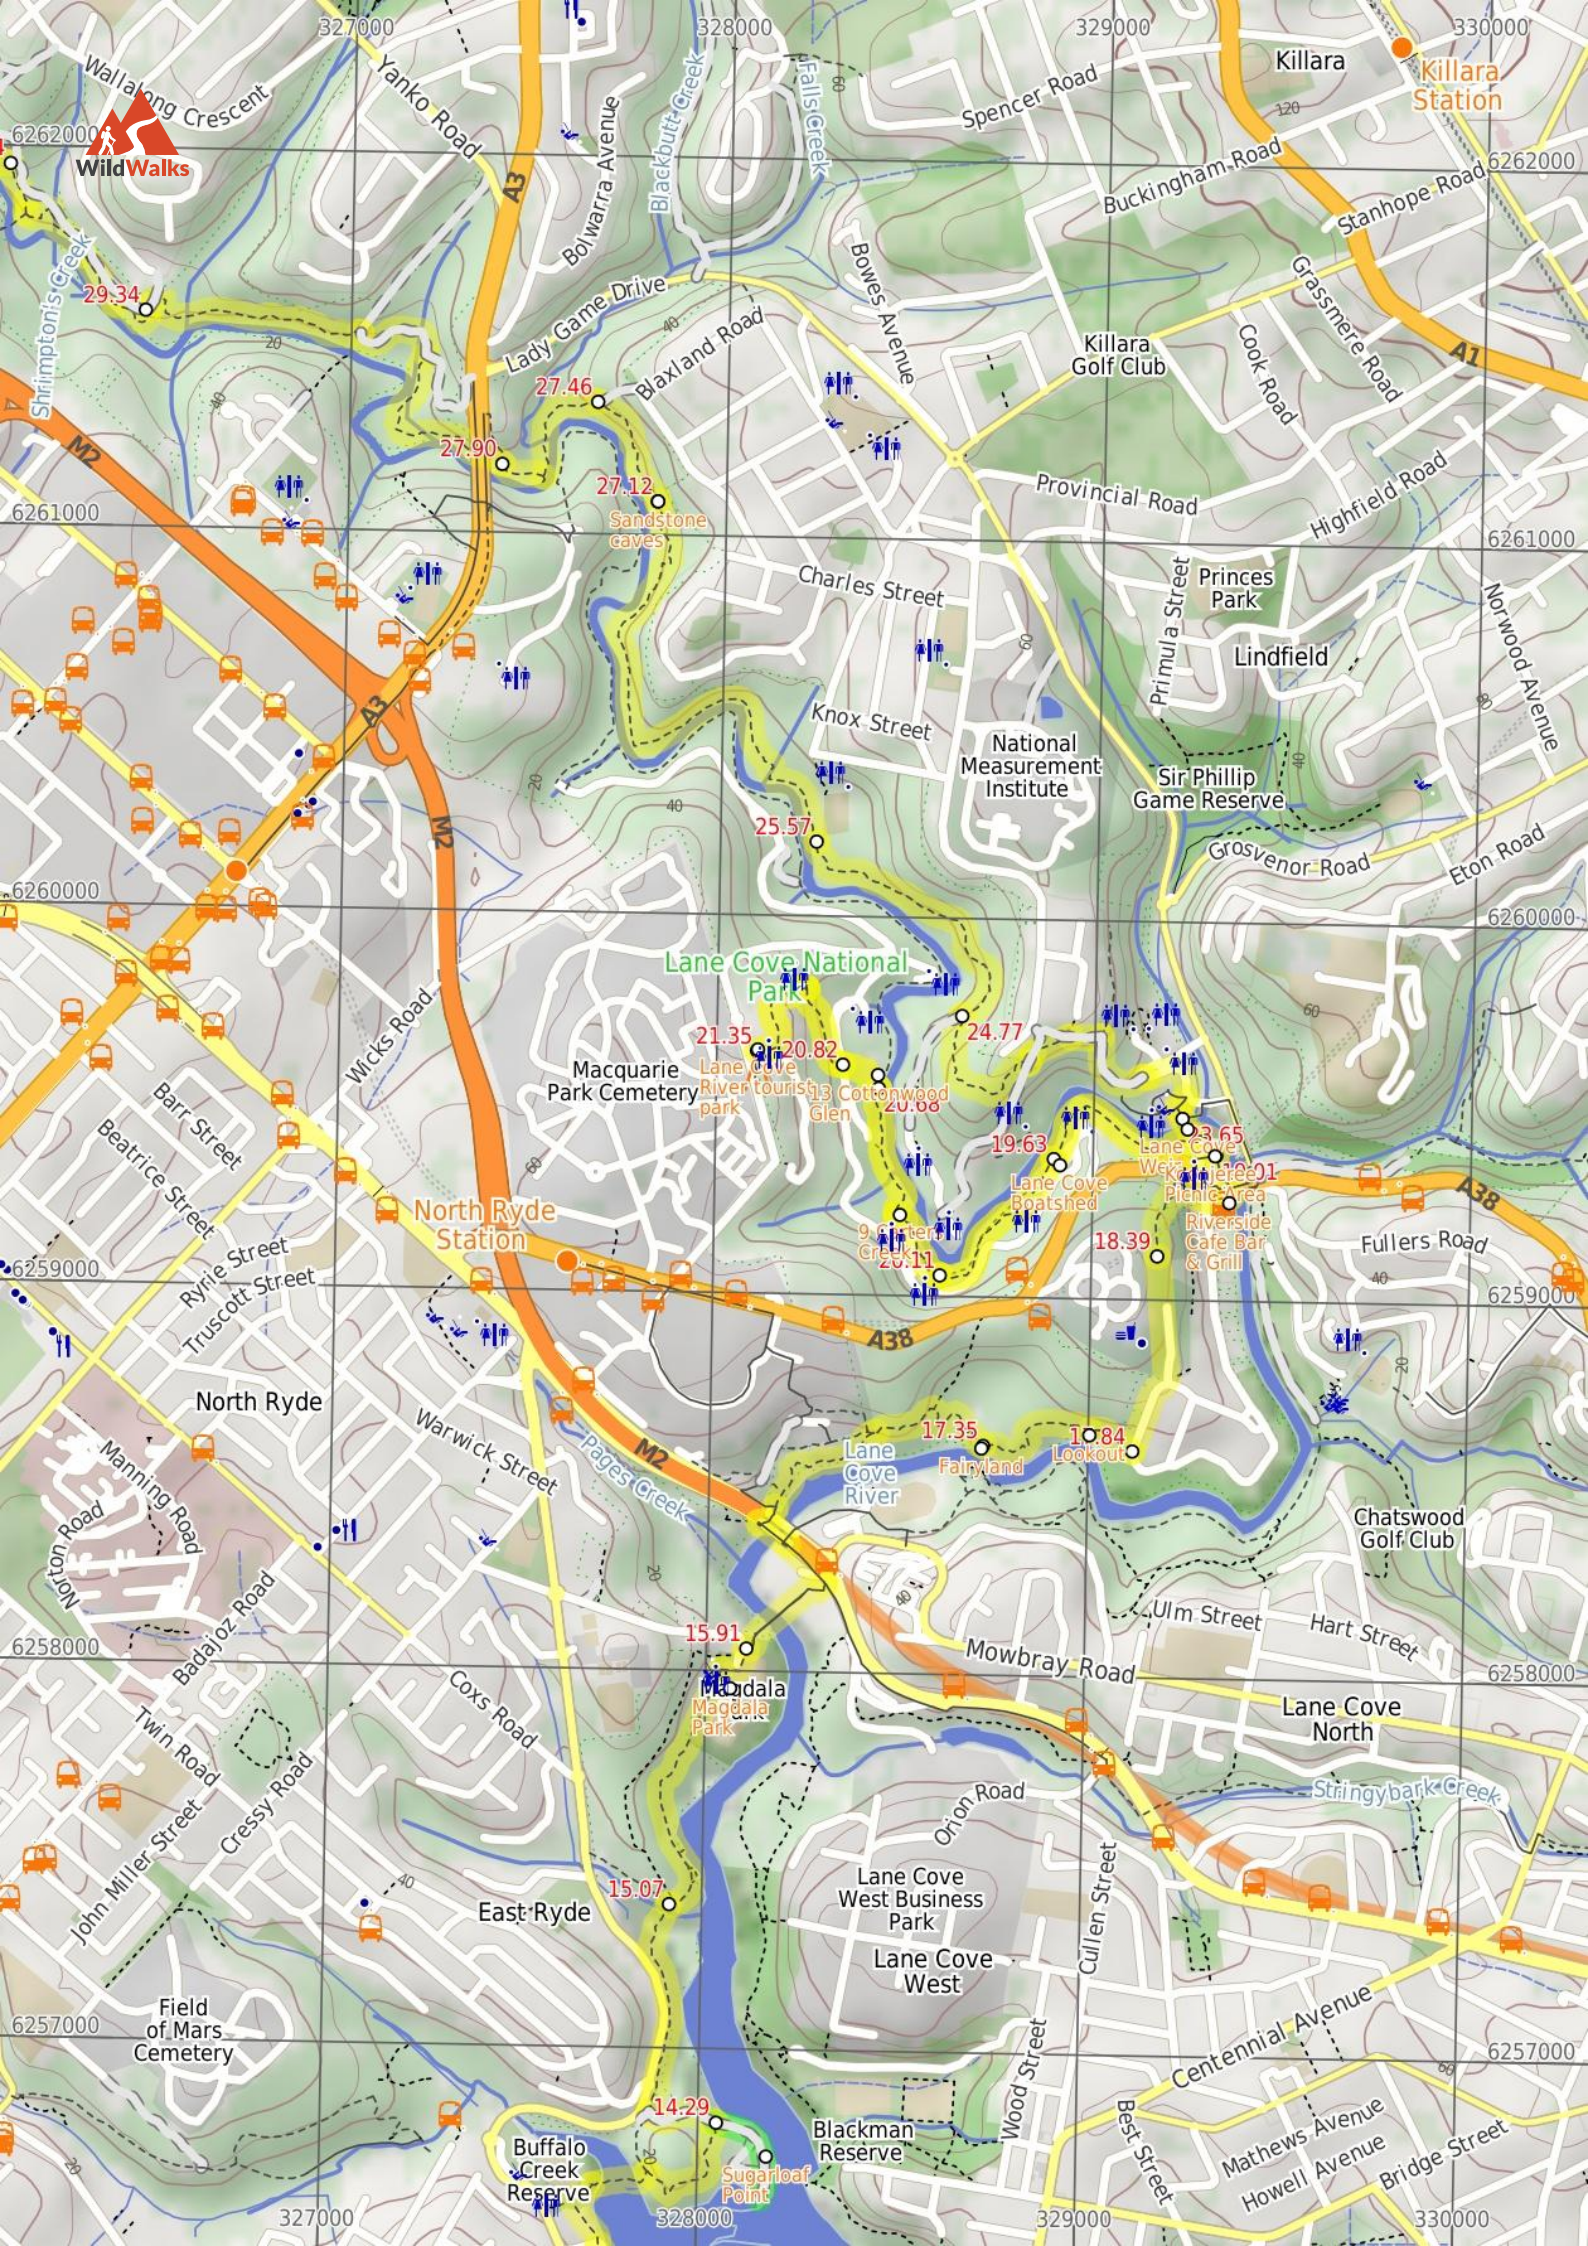

(920 m 16 mins) Continue straight: From the intersection, this walk follows the 'Thornleigh Station' sign across the road to follow the footpath beside 'Handley Ave'. After about 130m, the walk crosses Clifford Ave then after about 250m, crosses 'Orchard St' to follow 'Station St' almost directly ahead. About 190m along 'Station St', this walk continues straight across 'Wood St' (you can get to Parkway Plaza if you turn right here) and continues for just over 200m to find a footbridge beside Pennant Hills Rd. Here the walk heads up the ramp and crosses over the busy road then down the ramp (or steps) to find the intersection with Railway Parade.

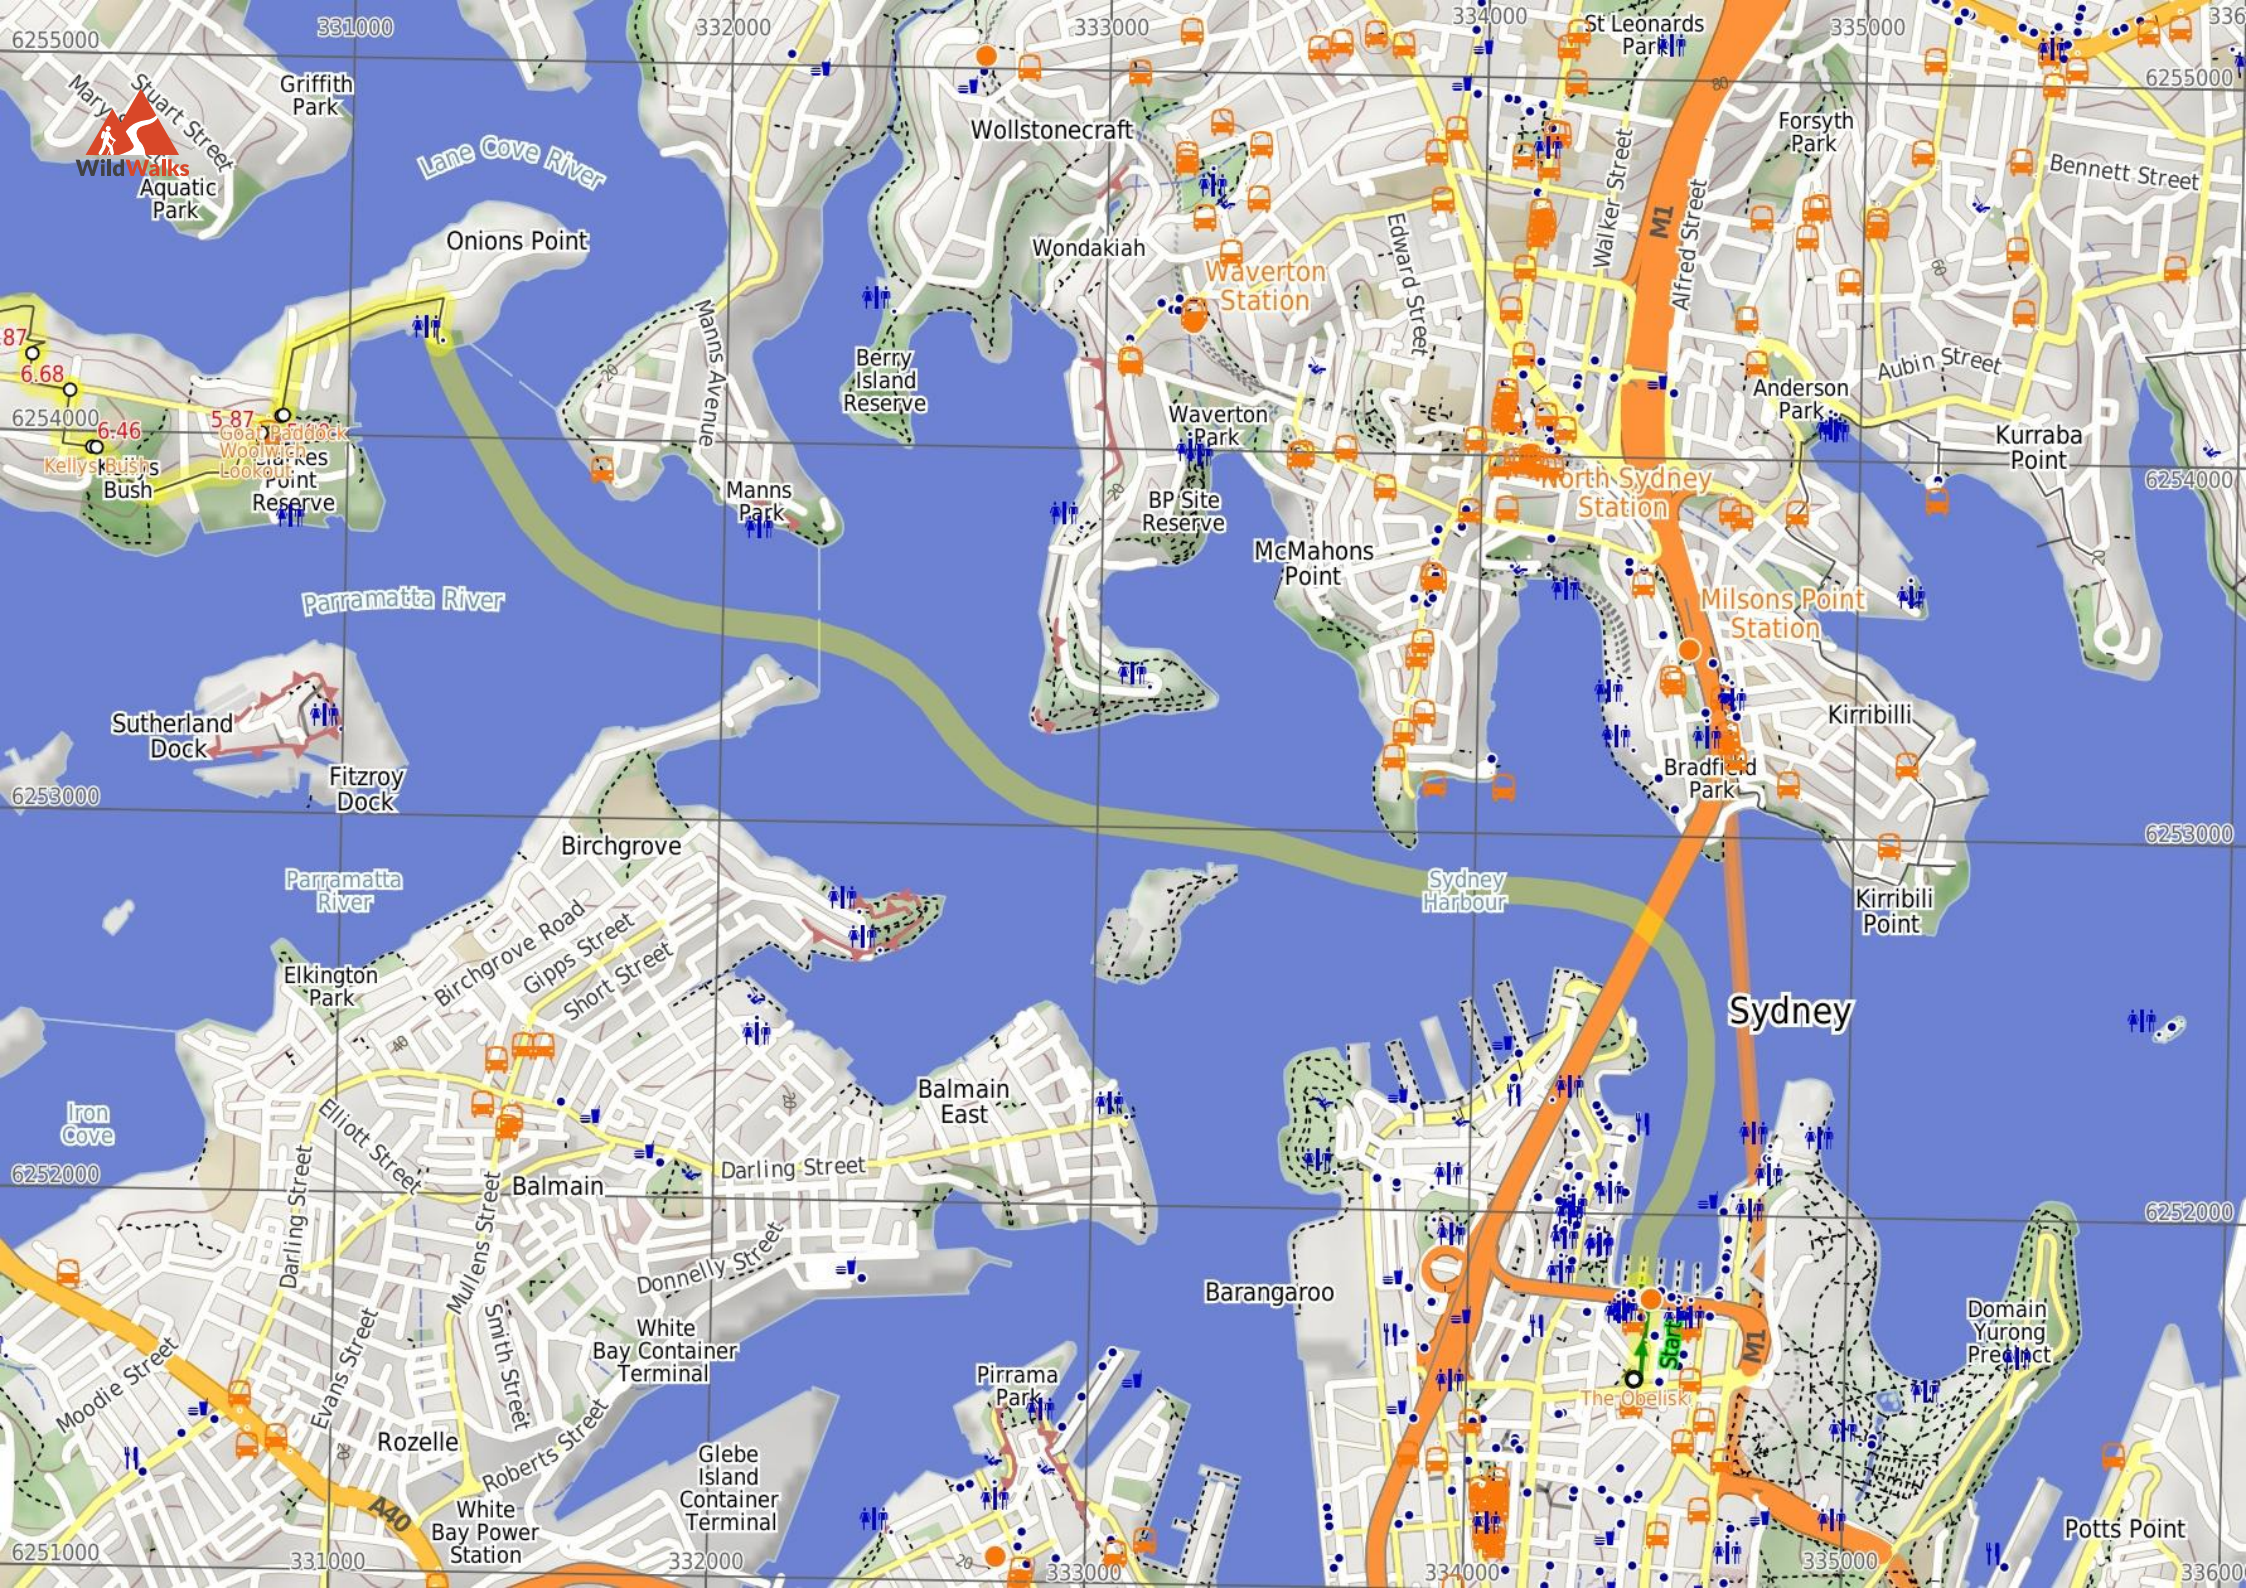

Veer left: From the base of the steps, this walk follows the GNW arrow across 'Railway Pde', heading towards the train line. At the fence, this walk veers left and leads along the pedestrian alley for about 60m before turning right and climbing up the railway bridge steps, coming to the 'Thornleigh' Train Station.
